

**CENTRAL MONITOR AND CONTROL SYSTEM FOR A VIDEO LOTTERY
TERMINAL PROGRAM
(#2009-11)**

**RESPONSES TO WRITTEN QUESTIONS
August 31, 2009**

This list of questions and responses #1 (Q&A#1) is being issued to clarify certain information contained in the above named Request for Proposals (RFP). The statements and interpretations of Contract requirements, which are stated in the following questions are not binding on the State, unless the State expressly amends the RFP. Nothing in the State's responses to these questions is to be construed as agreement to or acceptance by the State of any statement or interpretation on the part of the entity asking the question as to what the Contract does or does not require. Some questions have been edited for brevity and clarity, and duplicate questions may have been combined or eliminated.

The following are questions submitted pursuant to the RFP and the Lottery Commission's responses to those questions:

1. **QUESTION:** Section 5.1.6.4, Page 78: Without floor plans of each of the five facilities, it is impossible to estimate the amount/cost of cabling required for items a) through d) as specified in this RFP Section. Will the Commission change the responsibility for items a) through d) from the Central Monitor & Control System Contractor as presently specified to the VLT Facility operators?

ANSWER: The Commission will not change the responsibility for the cabling to the Facility operators. Floor plans and other Facility issues may be discussed directly with the potential Facility operators. Their contact information is as follows:
